

Prostate Cancer Foundation of Australia

Our Vision

A future where no man dies of prostate cancer and Australian men and their families get the support they need.

Our Mission

To reduce the burden of prostate cancer for all Australians, mobilising the community to drive research, prevention and early detection, improved treatment, and world-class psychosocial care.

Our Focus

- 1. To be Australia's leading charity fund for Australian-based prostate cancer research.**
- 2. To protect the health of existing and future generations of men in Australia.**
- 3. To improve quality of life for Australian men diagnosed with prostate cancer and their families.**

Our Origins

We were formed over 28 years ago, when a group of men banded together with their partners and friends to do something about this deadly disease. Today, we are Australia's leading charity for Australian-based prostate cancer research and support — all funds raised go towards helping Aussie blokes impacted by the disease and their families.

Our Strategic Priorities

Research

To be Australia's leading charity fund for Australian based prostate cancer research.
